See poster saying below

I Chose to Look the Other Way

I could have saved a life that day,
 But I chose to look the other way.
 It wasn't that I didn't care, I had the time,
 I was there.
 But I didn't want to seem a fool,
 Or argue over a safety rule.
 I knew he'd done the job before,
 If I called it wrong, he might get sore.
 The chances didn't seem that bad,
 I've done the same, he knew I had.
 So I shook my head and walked on by,
 He knew the risks as well as I.
 He took the chance, I closed an eye,
 And that act let him die.

I could have saved a life that day,
 But I chose to look the other way.
 Now every time I see his wife,
 I know I should have saved his life.
 That guilt is something I must bear,
 But it isn't something you need to share...
 If you see a risk that others take,
 That puts their health or life at stake,
 The question asked, or thing you say,
 Could help them live another day.
 If you see a risk and walk away,
 Then hope you never have to say,
 I could have saved a life that day,
 But I chose to look the other way.
